Double-collared Sunbird

BIRDS ARE COOL

*Let's Explore the Wonderful
World of Birds Together*

*Designed by
Anya Dabite Abeh*

Birds Around You

☐ You don't need to go far! Birds are everywhere. Look for them:

- In trees around your school or home
- On power lines, rooftops, and gardens
- Near rivers or farms

Fun Activity: Draw or write down 3 birds you see this week. What colours are they? What sounds do they make?

Be a Bird Hero

You can help birds every day:

- ☐ Plant flowers and trees
- ☐ Never throw trash on the ground
- ☐ Keep cats away from nests
- ☐ Don't throw stones at birds
- ☐ Teach your friends to care too!

☐ Make a bird feeder using an old bottle! Put some seeds inside and hang it in a tree.

Eight Birds Found around my community

1. Mount Cameroon Francolin (Pternistis camerunensis)
2. African Thrush (Turdus pelios)
3. Common Bulbul (Pycnonotus barbatus)
4. Grey-backed Camaroptera (Camaroptera brevicaudata)
5. Cameroon Sunbird (Cyanomitra oritis)

List any other five you know
